

PRODUCT INFORMATION FlipTable-RU-SchuL_TY_US - 13.01.2021 - www.vs-furniture.com

FlipTable-RU Table with folding top.

Construction comprising a centrally positioned tubular-steel crosspiece with an articulated bracket. Folding action can be effected with a two-hand safety actuator under the table top. With a fitting for securing the table top in the horizontal and vertical positions and optionally with a table connector.

Table top of melamine-resin-coated chipboard with PUR edge. The corners are edged.

Frame consisting of two bent powder-coated or chrome-plated steel tubes. Frame with lockable castors.

Function. When the table top is folded up, any desired number of tables can be pushed together to optimise space.

Note. PUR edges are extremely hard-wearing, but may show signs of discoloration over time.

The following material groups are available to choose from: Frame made of steel tube: M1,(chrome-plated); Top made of chipboard with PUR: L2.
