## Series 700 Finished back. Base panel.

### Finished back:

Constructed of perforated-metal or melamine-resin laminated chipboard with glued-on (KU) plastic edges or sound-absorbing board with horizontal slots. All types can be retrofitted and enable the cupboard to be used as room divider.

### Base panel:

Constructed of solid metal with attachment to clip onto the adjustable feet of the body elements.

The following material groups are available to choose from: Rear panel made of steel: M2; Rear panel made of chipboard: L3.
