

PRODUCT INFORMATION Serie910-Dm-TF_TY_US - 05.01.2021 - www.vs-furniture.com

Serie 910-Dm Manually height-adjustable desk with T-type foot.

Design in accordance with DIN EN 527-1 type A/D consisting of a centrally positioned tubular steel cross-piece and welded brackets.

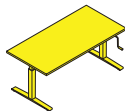

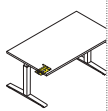

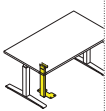

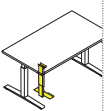

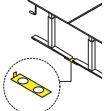

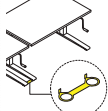

Substructure consisting of two T-type feet made from powder-coated metal with square uprights. Optionally with skids, which can be terminated with round or angled ends. Winding handle for height adjustment with single-stage telescoping uprights for sitting/sitting and two telescoping uprights for sitting/standing work tables.

Table top made from melamine-resin, veneer or linoleum-coated chipboard, a melamine resin-coated or veneer MDF top or an HPL solid top. The edges may be straight or rounded. With sliding top as standard.

Electrical connection (optional) by means of a folding metal cable tray or textile tray that folds down on both sides. It is possible to choose between a flexible textile cable hose and a round or rectangular cable chain.

Cable outlet through a maximum of three metal outlets (left, centre, right) or an E-box positioned on the left or right for network or data connections.

The following material groups are available to choose from: Frame made of steel tube: M2; Top made of chipboard, MDF, HPL: L6; Top made of linoleum: L8; Top veneered: F1.
